

REAL ID Mobile Verification Unit at White Horse Village
Thursday, January 10 – 5:00pm-8:00pm
In the Auditorium

What is the REAL ID Mobile Verification Unit?

PennDOT’s REAL ID Mobile Verification Unit (also known as a REAL ID Pop-Up) allows customers to pre-verify for REAL ID **at select community events without visiting a PennDOT Driver License Center**. The unit is a mobile driver licensing workstation staffed by PennDOT Driver Licensing employees.

Customers can bring the required REAL ID documentation to a REAL ID Pop-Up event and PennDOT staff will scan the documents to the customer’s driver record and mark it as “REAL ID Eligible.” Then, **when REAL IDs are available in March 2019**, these customers can apply for their REAL ID online, pay the applicable fees, and it will be mailed to them directly within 10 business days...no need for these customers to visit a PennDOT Driver License Center!
