Trusted companions who feel like family

Our companions are caring, loving, and giving individuals who often bring years of helpful experience and background to their roles. We select reliable team members who are driven to make a meaningful difference in people's lives and build genuine, lasting connections with those they support.

Whether you need support a few hours a week or 24 hours a day, we're committed to being responsive and dependable, supporting each individual's unique needs as they arise.

All companions are trusted White Horse Village team members carefully screened through comprehensive reference and background checks. Our Home Care team receives thorough hands-on training to ensure safe, reliable, and high-quality support you can count on. For added peace of mind, the program is fully bonded and insured.
